## Letter of Transmittal

The Honorable Mayor, Members of the  
City Council and the Citizens of  
the City of Lincolnton, North Carolina

The Annual Comprehensive Financial Report of the City of Lincolnton, North Carolina is submitted for your review and use. The City, like other local governments in the State, is required by State law to publish a complete set of financial statements within four months of the close of each fiscal year. The financial statements must be presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. This report is published to fulfill that requirement for the fiscal year ended June 30, 2024, and to provide complete and further accountability to citizens and other interested parties, by providing a comprehensive report in lieu of the minimum basic financial statement requirements.

Management assumes full responsibility for the completeness and reliability of the information contained in this report. To provide a reasonable basis for making these representations, we have established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient, reliable information for the preparation of the City of Lincolnton's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The cost of internal controls should not outweigh their benefits. The City's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we believe, to the best of our knowledge, this financial report is complete and reliable in all material respects and is reported in a manner to present fairly the financial position of the City.

Lowdermilk Church & Co., L.L.P., Certified Public Accountants, have issued an unmodified ("clean") opinion on the City of Lincolnton's financial statements for the fiscal year ended June 30, 2024. The independent auditors' report is located at the front of the financial section of this report.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A is designed to complement this letter of transmittal and should be read in conjunction with it.

## **Profile of the City**

The City of Lincolnton, incorporated in 1785, is the County seat of Lincoln County (the “County”). It is located in the heart of the Piedmont section of the State, approximately 32 miles northwest of Charlotte on highways U.S. 321, State 27, and State 150. The City is the second oldest city west of the Catawba River in North Carolina with Morganton, established 1784, being the oldest city. Evidence of our long and distinguished history abounds throughout the stately streets of the City. The State of North Carolina has erected over a dozen historical markers to honor some of the important events, landmarks, and distinguished people in Lincolnton’s past. Lincolnton was named for Benjamin Lincoln, who achieved fame at the time of Cornwallis’ surrender to Washington at Yorktown, Virginia. It currently occupies 8.6 square miles and serves a population of 12,128. Lincolnton is empowered by State statute to extend its corporate limits by annexation, which it has done from time to time.

The City of Lincolnton is the only incorporated municipality in the County and operates under the council-manager form of government. The Mayor is elected at large for a four-year term. Composed of four members, the Lincolnton City Council has policy making and legislative authority. Members are elected at large but must file for election by ward. Two members of the City Council are elected every two years in even numbered years, serving four-year terms. The City Council is responsible for the budget approval and appointing the City Manager and City Attorney. The City Manager is responsible for implementing Council policies and City ordinances, managing daily operations, and acts on all recommendations of employment for the City.

The City of Lincolnton provides a full range of services, including police and fire protection; the construction and maintenance of streets, curbs, gutters, sidewalks, and other infrastructure; solid waste and recycling; community development; planning and zoning; cemetery; and recreation and cultural activities. Additionally, the City owns and operates an electric and water and sewer system, which provides services to residents of the City and its environment. This report includes all of the City’s activities in delivering and administrating these services. Although legally separate from the City, the City of Lincolnton ABC Board (“the Board”) and the Lincolnton Tourism Development Authority (LTDA) are important to the City, because the City exercises control over the Board and the LTDA by appointing members to the boards, and because the Board is required to distribute its profits to the City. Additional information on those legally separate entities can be found in the notes to the financial statements.

The Council is required to adopt a budget by July 1 of each year. The City is empowered to levy a property tax on both real and personal property located within its boundaries. The City’s budget ordinance creates a legal limit on spending authorizations and serves as the foundation for Lincolnton’s financial planning and control. The budget is prepared by fund and department (e.g., police).

## **Local Economy**

Major industries located within the City boundaries or close proximity include manufacturers of ball bearings and textiles, as well as several financial institutions, restaurants, and real estate related businesses. Lincolnton is fortunate to have retained much of its older textile base due to the firms altering their production to a specialty product that gave them a niche in the market. The City has offered a favorable water and sewer fee rate structure that has also enabled the textile market to survive fierce domestic and foreign competition. Other major employers include the local county schools, local county and city government sectors, medical center, and retail businesses. The top employment sectors are manufacturing (41%), education (22%), retail (14%), public administration (14%) and medical (9%).

During the past ten years, the unemployment rate rose from an initial high of 11.5 percent (2011) to a decade low of 3.0 percent (2022). The unemployment rate as of June 30, 2024, was 3.5 percent. This rate is lower than the State’s rate of 3.6 percent and lower than the national rate of 4.1 percent. Lincolnton has followed the same pattern as the State during the economic cycles.

Numerous businesses opened in Lincolnton, including: T-Mobile, Rubedo Brazilian Jiu Jitsu, One Stop Screening Solutions, Quozix, Bricktree Brewing (Canning Line Expansion), Crowe Mansion Pavilion, Beauty on Tap, Plum Krazy Play, Proper Provisions, LKN Cheesecakeery, and A Freezy Tale.

Wanzl North America relocated its headquarters to Lincoln County at the Lincoln Commerce Center in Denver, NC. This expansion includes plans to enhance its manufacturing facility in Newton, NC and follows with an investment of more than \$17,050,000 in Lincoln County. This investment will create 35 new jobs. The relocation to the Lincoln Commerce Center makes Wanzl aka Technibilt the first named tenant in this facility and they will occupy 95,000 square feet of the center.

G&A Seating; a New Jersey based hospitality seating concepts invested \$6,600,000 into a former manufacturing facility in Lincolnton. This investment will create 20 new jobs in its initial phase.

Sennebogen, which is America's leader in mobile and stationary material handling equipment for scrap recycling, log loading, port facilities, waste processing and other specialized equipment is expanding its industrial space by 50,000 square feet with an investment of \$11,800,000. This investment will create 40 new jobs.

Crescent Communities acquired a 25-acre site within the Lincoln County Industrial Park with plans for a 174,720-square-foot industrial speculative building, available for lease or sale.

Green New Energy Materials, Inc; a manufacturer of battery separator products used in lithium-ion batteries will establish its first manufacturing operation in Lincoln County. This investment will be approximately \$140,000,000 to the Denver area with the creation of 545 jobs.

During the past five years, the government's expenses related to public safety have increased in amount and also increased as a percentage of total expense (a five-year increase of 30.19 percent). The increase reflects increases in salary and benefits and capital outlay.

During this same five-year period, charges for services remained fairly constant as a percentage of total revenue (a five-year decrease of 1.33 percent). The reason for this relatively small decrease is the relative increase in expenses related to services that are not supported by fees and charges (e.g., public safety); thus, as taxes have increased to support these services, so has the proportion of total revenue generated by taxes.

### **Long-Term Financial Planning and Major Initiatives**

Unassigned fund balance in the general fund is 67.92 percent of total general fund expenditures, which is above the required amount of 8 percent set by the State of North Carolina. As a demonstration of the City's commitment to financial planning and fiscal health, the unreserved, unassigned fund balance in the general fund was \$11,937,924.

Each year the City adopts a capital improvement budget and prepares a 5-year capital improvement plan.

**Public Service Center:** The City purchased the Excel Textile Supply Company building and surrounding land in November 2022. This purchase is the initial phase for the City's PSC/Substation project to centralize Public Works and establish another substation for the City's electric services for future growth. This project is projected to have a minimum of three phases. Phase I – purchase of building/land (\$1.3M); Phase II – PSC architectural up-fit of the facilities; Phase III – substation design and construction.

**City Park Redevelopment:** The City contracted with McGill & Associates to facilitate the City Park Redevelopment project. This project is a multi-year endeavor to add to the City's Parks and Greenways. The City will be utilizing funding from various sources to pay for this project, which is estimated to cost \$4.1M. To assist with this project, the City was awarded \$500,000 from the NC Parks and Recreation

Trust Fund Matching Grants. The City will also use ARPA funds for this project in addition to other funding resources that become available. The City sought input from the community and those ideas were presented to City Council for approval.

Roof Repair-City Hall, Fire Department, & Police Department: The City invested in roof repairs at City Hall, Fire Department-Station #1, and the Police Department during FY2324. This project was managed by the Lincoln County Maintenance Department with Johnsons Roofing Services out of Fort Mill, South Carolina. Completion of City Hall/Fire Department was completed in October 2023 and the Police Department was completed in February 2024.

Ford Property-311 E Sycamore Street, 312 E Pine Street, and 316 E Pine Street: The City purchased the "Ford Property" across from First Federal Park from Ms. Robin Ford Latno in the amount of \$212,008. Additional costs for demolition services, abatement, and fill dirt amounted to \$64,264. Resulting in a total project cost of \$276,272. The current plans for this capital expenditure are to expand the downtown parking for the City of Lincolnton. No completion date has been set.

Fire Department Tahoe: The City purchased a new Tahoe for the Fire Department's Chief in June 2024. The cost was \$71,438 and was paid from General Funds. No financing was needed, and additional investment income was the source used for the purchase.

Electric Department: The City purchased a Yard Machine in the amount of \$172,000 in June 2024. This machine gives the Electric Department access to places that they cannot get to safely or efficiently. It also can dig holes, set a 50-foot pole, set a transformer and has a bucket that enables them to reach back property powerlines that are not accessible with current vehicles. No financing was needed, and additional investment income was the source used for the purchase.

### **Relevant Financial Policies**

The City of Lincolnton's Unified Development Ordinance requires that a developer of a subdivision dedicate land for a park, recreation, and open space purposes, or the developer pays a fee in lieu of land before the subdivision is approved. The use of these funds is governed by the North Carolina General Statute 160A-372.

### **Awards and Acknowledgments**

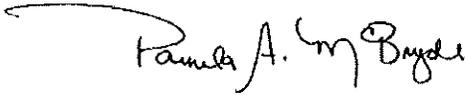

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Lincolnton for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the thirty-fourth consecutive year that Lincolnton has received this prestigious award. In order to be awarded a Certificate of Achievement, the government had to publish an easily readable and efficiently organized Annual Comprehensive Financial Report that satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Water Department was one of four water systems that was honored for surpassing federal and State drinking water standards by the Department of Environmental Quality for twenty-first year in a row. Awards are given to water systems that demonstrate outstanding turbidity and microbial removal; two important factors in determining the drinking water quality. While all systems must meet strict guidelines from federal and State standards, those awarded met performance goals that were more rigorous.

The preparation of this report would not have been possible without the efficient and dedicated service of the entire staff of the finance department. We wish to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Credit must also be given to the City Manager, Mayor, and the City Council for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Lincolnton's finances.

Respectfully submitted,

A handwritten signature in black ink that reads "Pamela A. McBryde". The signature is written in a cursive style with a long, sweeping horizontal line above the first few letters.

**Independent Auditors' Report**

To the Honorable Mayor and  
Members of the City Council  
City of Lincolnton, North Carolina

**Report on the Audit of the Financial Statements**

**Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lincolnton, North Carolina, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Lincolnton, North Carolina's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lincolnton, North Carolina, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Lincolnton, North Carolina and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of City of Lincolnton ABC Board and the Lincolnton Tourism Development Authority were not audited in accordance with *Government Auditing Standards*.

**Responsibilities of Management for the Audit of the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Lincolnton, North Carolina's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Lincolnton, North Carolina's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Lincolnton, North Carolina's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Postemployment Benefits' Schedule of Changes in Total OPEB Liability and Related Ratios, the Local Government Employees' Retirement System's Schedules of the Proportionate Share of the Net Pension Liability (Asset) and Contributions, the Firefighters' and Rescue Squad Workers' Pension Fund's Schedule of the Proportionate Share of Net Pension Liability (Asset), and the Law Enforcement Officers' Special Separation Allowance Schedules of the Changes in Total Pension Liability and Total Pension Liability as a Percentage of Covered Payroll be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## **Supplementary Information**

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Lincolnton, North Carolina's basic financial statements. The accompanying individual fund financial statements, budgetary schedules, other schedules and schedule of expenditures of federal and State awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the State Single Audit Implementation Act are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the individual fund financial statements, budgetary schedules, and other schedules and the schedule of expenditures of federal and State awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

## **Other Information**

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2025, on our consideration of the City of Lincolnton, North Carolina's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Lincolnton, North Carolina's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Lincolnton, North Carolina's internal control over financial reporting and compliance.

*Lowdermilk Church & Co., L.L.P.*

Morganton, North Carolina  
January 22, 2025

## Management's Discussion and Analysis

As management of the City of Lincoln, we offer the readers of the City of Lincoln's financial statements this narrative overview and analysis of the financial activities of the City of Lincoln for the fiscal year ended June 30, 2024. We encourage readers to read the information presented here in conjunction with the additional information that we have furnished in the City's financial statements, which follow this narrative.

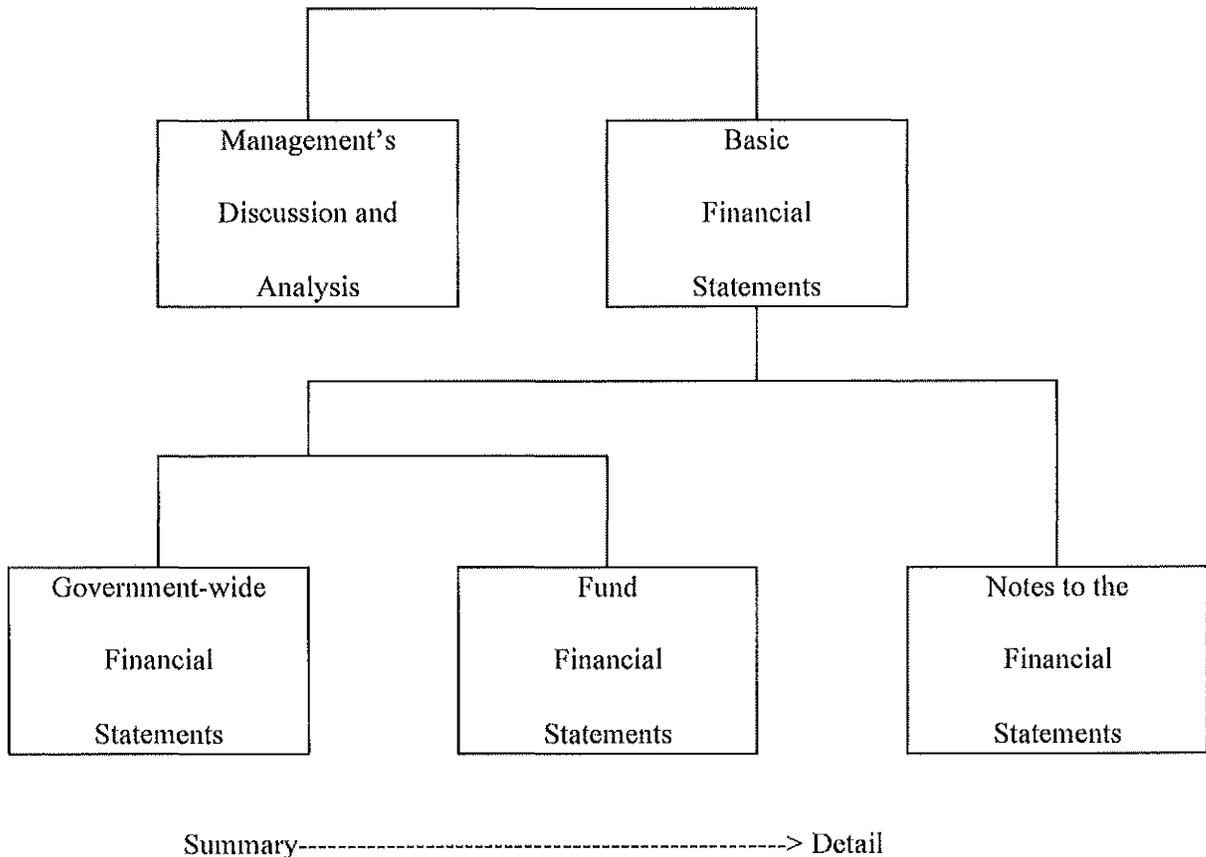

### Financial Highlights

- The assets and deferred outflows of resources of the City of Lincoln exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$65,846,714 (net position).
- The City's total net position increased by \$6,408,137, primarily due to additional ad valorem and other taxes.
- As of the close of the current fiscal year, the City of Lincoln's governmental funds reported combined ending fund balances of \$14,081,447, with a net increase of \$2,591,108 in fund balance. Approximately 13.80 percent of this total amount, or \$1,943,523, is non-spendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$11,937,924, or 67.92 percent, of total General Fund expenditures for the fiscal year.
- The City of Lincoln's total debt increased by \$995,956 (4.33%) during the current fiscal year. The key factor in this change was principal payments, additional debt and an increase in net pension liability (LERS).
- The City's last bond rating was Aaa and AAA.
- The City's total capital assets increased by \$1,427,806 (2.77%) during the current fiscal year. The key factor in this increase is depreciation expense and acquisition of additional capital assets and right to use assets.

### Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Lincoln's basic financial statements. The City's basic financial statements consist of three components: 1) Government-wide Financial Statements, 2) Fund Financial Statements, and 3) Notes to the Financial Statements (see Figure 1). The basic financial statements present two different views of the City through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of the City of Lincoln.

**Required Components of Annual Financial Report**  
**Figure 1**

**Basic Financial Statements**

The first two statements (pages 23 through 26) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the City’s financial status.

The next statements (pages 27 through 35) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the City’s government. These statements provide more detail than the government-wide statements. There are three parts to the Fund Financial Statements: 1) the Governmental Funds Statements; 2) the Budgetary Comparison Statements for major governmental funds; and 3) the Proprietary Fund Statements.

The next section of the basic financial statements is the **Notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **Supplemental Information** is provided to show details about the City’s individual funds. Budgetary information required by the North Carolina General Statutes also can be found in this part of the statements.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide the reader with a broad overview of the City’s finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the City’s financial status as a whole.

The two government-wide statements report the City's net position and how it has changed. Net position is the difference between the City's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the City's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the City's basic services such as public safety, parks and recreation, and general administration. Property taxes and State and federal grant funds finance most of these activities. The business-type activities are those that the City charges customers to provide. These include the water and sewer and electric services offered by the City of Lincolnton. The final category is the component units. Although legally separate from the City, the City of Lincolnton ABC Board (the "Board") is important to the City, because the City exercises control over the Board by appointing its members, and because the Board is required to distribute its profits to the City. Although legally separate from the City, the Lincolnton Tourism Development Authority is important to the City, because the City exercises control over the Board by appointing its members, and because the occupancy tax collected is used to promote travel and tourism in the City.

The government-wide financial statements are on pages 23 through 26 of this report.

### **Fund Financial Statements**

The Fund Financial Statements (see Figure 1) provide a more detailed look at the City's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Lincolnton, like all other governmental entities in North Carolina, uses fund accounting to ensure and to reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the City's budget ordinance. All of the funds of the City of Lincolnton can be divided into two categories: governmental funds and proprietary funds.

**Governmental Funds** - Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the City's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting* which provides a short-term spending focus. As a result, the Governmental Fund Financial Statements give the reader a detailed short-term view that helps him or her determine if there are more or fewer financial resources available to finance the City's programs. The relationship between government activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

The City of Lincolnton adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the City complied with the budget ordinance and whether or not the City succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the Board; 2) the final budget as amended by the Board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

**Proprietary Funds** - The City of Lincolnton has one type of proprietary fund. Enterprise Funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Lincolnton uses enterprise funds to account for its water and sewer activity and for its electric operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities.

**Notes to the Financial Statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information** – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning the City of Lincolnton’s progress in funding its obligation to provide pension and OPEB benefits to its employees.

The individual fund statements and schedules are presented immediately following the required supplementary information on pensions.

**Interdependence with Other Entities** – The City depends on financial resources flowing from, or associated with, both the federal government and the State of North Carolina. Because of this dependency, the City is subject to changes in specific flows of intergovernmental revenues based on modifications to federal and State laws and federal and State appropriations. It is also subject to changes in investment earnings and asset values associated with U.S. Treasury Securities because of actions by foreign governments and other holders of publicly held U.S. Treasury Securities.

### Government-Wide Financial Analysis

City of Lincolnton, Net Position

	Figure 2					
	Governmental Activities		Business-type Activities		Total	
	2024	2023	2024	2023	2024	2023
Current and other assets	\$ 14,328,071	\$ 12,457,119	\$ 20,198,956	\$ 16,833,452	\$ 34,527,027	\$ 29,290,571

Total liabilities	18,080,879	17,809,889	7,217,689	6,962,883	25,298,568	24,772,773
Deferred inflows of resources	2,041,025	2,379,441	688,260	738,372	2,729,285	3,117,813
Net position:						
Net investment in capital assets	23,487,366	21,205,099	25,621,235	26,519,946	49,108,601	47,725,045
Restricted	1,921,583	1,706,358	-	-	1,921,583	1,706,358
Unrestricted	(187,166)	(2,056,739)	15,003,696	12,063,913	14,816,530	10,007,174
Total net position	\$ 25,221,783	\$ 20,854,718	\$ 40,624,931	\$ 38,583,859	\$ 65,846,714	\$ 59,438,577

As noted earlier, net position may serve, over time, as one useful indicator of a government’s financial condition. The assets and deferred outflows of the City of Lincolnton exceeded liabilities and deferred inflows by \$65,846,714 as of June 30, 2024. The City’s net position increased by \$6,408,137 for the fiscal year ended June 30, 2024. However, the largest portion of net position (74.58%) reflects the City’s net investment in capital assets (e.g., land, buildings, machinery, and equipment). The City of Lincolnton uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City of Lincolnton’s net investment in capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these

liabilities. An additional portion of the City of Lincolnton's net position, \$1,921,583, represents resources that are subject to external restrictions on how they may be used. The remaining balance of \$14,816,530 is unrestricted.

Several particular aspects of the City's financial operations influenced the total unrestricted governmental net position:

- Increase in capital grants and contributions due to additional grants received and an increase in other taxes.
- An increase in general revenues in the governmental activities due to an increase in property taxes and other receipts.
- An increase in interest income due to an increase in cash and interest rates.
- An increase in charges for services in the Electric Fund and in the Water and Sewer Fund.

**Governmental Activities.** Governmental activities increased the City's net position by \$4,367,065, thereby accounting for 68.15% of the total growth in the net position for the City of Lincolnton. Key elements of this increase are as follows:

- Tax revenues for the year increased \$2,117,063, primarily due to an average increase of approximately 1.76% in the taxable property values. This is a direct result of the increased interest in the City's real estate market that has three major developers currently under construction, and the property revaluation.
- Other tax increases of \$768,110, mainly due to sales tax increases due to a more robust economy.
- Operating grants and contributions decreased \$2,459,656. This decrease is the result of the Revenue Replacement method utilized with the ARPA funds in the initial year funds were received.
- Interest income increased \$326,847. The City is proactive with idle funds by investing in the NCCMT and NCCLAA. For the year ended June 30, 2024, the average annualized yield was 5.37% versus 3.08% with the City's operating account.

**Business-type Activities.** Business-type activities increased the City's net position by \$2,041,072 hereby accounting for 31.85% of the total growth in net position for the City of Lincolnton. Key elements of this increase are as follows:

- The Water and Sewer Fund revenues increased due to three major developments currently under construction and the connection fees associated with those projects. The Electric Fund increases are weather related and due to an increase in demand during the summer months,
- Operating expenditures increased, primarily due to an increase in salaries and benefits. The City Council approved a 2% annual yearly compression adjustment and a one-time 3% COLA adjustment for FY 23-24. In addition to those adjustments, the retirement rates increased approximately 7% from the prior year.
- All utility rates remained unchanged from the prior year in an ongoing effort to stimulate growth for both commercial and residential purposes.
- Administrative expenditures to the General Fund were \$769,822 for the Water and Sewer Fund and \$655,774 for the Electric Fund. This is an increase of 7% and 6% respectively of indirect costs.

### **Financial Analysis of the City's Funds**

As noted earlier, the City of Lincolnton uses fund accounting to ensure, and to demonstrate compliance with, finance-related legal requirements.

**Governmental Funds.** The focus of the City of Lincolnton's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing the City of Lincolnton's financing requirements.

As the City completed the year, its governmental funds (as presented in the balance sheet) reported a combined fund balance of \$14,081,447, which is more than last year's total of \$11,490,338. Included in this change in fund balance is an increase in the General Fund balance of \$2,591,108. The primary reasons for the change mirror the governmental activities analysis highlighted on page 16.

The General Fund is the chief operating fund of the City of Lincolnton. At the end of the current fiscal year, the City of Lincolnton's fund balance available in the General Fund was \$12,575,953, while total fund balance reached \$14,081,447. The City currently has an available fund balance of 71.54 percent of General Fund expenditures, while total fund balance represents 80.11 percent of that same amount.

**General Fund Budgetary Highlights.** During the year, there was \$4,085,268 in appropriations between the original and final budget. The following are the main components of the increase:

- \$1,416,191 Land transfer between Lincoln County and the City of Lincoln
- \$1,031,041 New Enterprise leases
- \$551,520 Investment income
- \$214,416 Salary/overtime/benefits
- \$202,207 Rail-Trail Plaza Project

Revenue increases were realized from local sales tax collections, vehicle tax collections, interest, franchise tax collections, insurance settlements, grants/donations for the Rail Trail project, social district & public safety, parks & recreation registration fees, ad valorem levy, fees and miscellaneous revenues from the Fire and Planning & Zoning departments, and SRO reimbursement. The most significant differences between estimated revenues and actual revenues were as follows:

<u>Revenue Source</u>	<u>Estimated Revenues</u>	<u>Actual Revenues</u>	<u>Difference</u>
Local sales & use tax	4,700,000	5,421,490	721,490
Interest-General Fund	50,000	655,082	605,082
Ad valorem levy	7,050,000	7,393,063	343,063
SRO reimbursement	150,000	364,416	214,416
Grants/donations	-	214,207	214,207
Franchise tax	800,000	870,218	70,218
Vehicle taxes & fees	705,000	769,092	64,092
P&Z: fees and misc revenue	10,000	63,747	53,747
Recreation: registration & entry fees	85,000	138,223	53,223
Fire dept: fees & misc revenue	15,000	46,585	31,585
Insurance settlement	-	12,293	12,293

The final budget and actual results varied during the year. The significant budgetary variances are as follows:

- Total governmental expenditures were approximately \$1,304,659 more than originally budgeted due to inflationary increases in costs and salary increases. Revenue increases as noted countered those expenses allowing the City to fund major projects and add to the General Funds fund balance.
- Public Safety was less than budgeted due to lower operating costs for personnel costs due to retirements, turnover and other administrative costs by \$195,225.
- Public Works was less than budgeted due to lower operating costs for personnel costs due to retirements and other administrative costs of \$196,833 and street related expenses of \$200,251.
- Parks and Recreation was more than budgeted due to capital expenditures for Highland Drive Park and the Rail-Trail Plaza project. Grant funds received helped with the overall costs of these projects.
- Economic and Physical Development was less than budgeted due to part-time reductions and administrative costs in the amount of \$22,670 and CBD Enhancements/promotion costs of \$65,416.
- General government expenditures were more than budgeted due to capital expenditures for the Fiber Ring project and the land swap with Lincoln County with a total increase of \$1,993,724. The overall budget increases were \$1,776,986 with decreases in contingency of \$147,790, debt services of \$31,281 and Unemployment/Workers Comp Insurance of \$11,698.

**Proprietary Funds.** The City of Lincolnton’s proprietary funds provide the same type of information found in the government-wide statements, but in more detail. The unrestricted net position of the Water and Sewer Fund at the end of the fiscal year amounted to \$7,022,928, and unrestricted net position for the Electric Fund amounted to \$7,980,768. The total change in net position for both funds was \$988,740 and \$1,052,332, respectively. The change in net position in the Water and Sewer Fund is a result of an increase in operating revenues and a donation of property. The change in net position in the Electric Fund is a result of an increase in operating revenues and an increase in investment earnings.

**Capital Asset and Debt Administration**

**Capital Assets.** The City of Lincolnton's investment in capital assets for its governmental and business-type activities as of June 30, 2024, totals \$51,032,988 (net of accumulated depreciation) and right to use assets totaling \$1,920,382 (net of accumulated amortization). These assets include buildings, roads and bridges, land, machinery and equipment, recreation and park facilities, and vehicles and leases.

Major capital asset transactions during the year include the following:

- Major additions in the General Fund included vehicles and equipment of approximately \$826,847, land of \$877,692, buildings and improvements of \$1,619,144, and construction in progress of \$1,213,221. Completion of construction in progress of \$1,035,702. The disposal of various assets of \$146,152
- Major additions in the Electric Fund included construction in progress of \$23,820, and vehicles and equipment of \$172,000.
- Major additions to the Water and Sewer Fund included \$231,844 for equipment, \$159,618 for construction in progress, \$475,000 for building and improvements, and \$208,051 for distribution systems. Completion of construction in progress of \$107,586. The disposal of various assets of \$133,136

Additional information on the City's capital assets can be found in Note IIIA of the Basic Financial Statements.

**Long-Term Debt.** As of June 30, 2024, the City of Lincolnton had \$1,753,406 of direct placement installment purchases. The direct placement installment purchases are backed by security interest in the property for which it was issued.

**City of Lincolnton Outstanding Debt**

Pension related debt (LEO)	1,478,613	1,338,743	-	-	1,478,613	1,338,743
<b>Total</b>	<b>\$ 17,959,847</b>	<b>\$ 17,051,442</b>	<b>\$ 6,027,053</b>	<b>\$ 5,939,502</b>	<b>\$ 23,986,900</b>	<b>\$ 22,990,944</b>

The City of Lincolnton’s total debt increased by \$995,956 (4.33%) during the fiscal year, primarily due to the principal payments and an increase in pension obligations (LGERS).

The City of Lincolnton has an Aaa bond rating from Moody’s Investors’ Service and an AAA rating from Standard and Poor’s Corporation and Fitch Ratings. This bond rating is a clear indicator of the sound financial condition of the City of Lincolnton. This achievement is a primary factor in keeping interest costs low on the City’s outstanding debt.

North Carolina general statutes limit the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within the government’s boundaries. The legal debt margin for the City of Lincolnton is \$128,661,694. The City has no bonds authorized, but un-issued, at June 30, 2024.

Additional information regarding the City of Lincolnton’s long-term debt can be found in Note III.B of this report.

**Economic Factors and Next Year's Budgets and Rates**

The following key economic indicators reflect the growth and prosperity of the City:

- The City is continuing to evaluate its infrastructure assets and, as part of that ongoing evaluation, will prioritize any necessary capital improvements.
- Two industrial parks in Lincoln County are located within close proximity of our corporate limits, and their continuous growth benefits the City economically.
- The City replaced 5 aging vehicles through a lease program with Enterprise.

## **Budget Highlights for the Fiscal Year Ending June 30, 2025**

**Governmental Activities:** Property taxes are expected to increase 2 percent from amounts budgeted in the prior year due to growth. The City's General Fund budgeted revenues are approximately \$17,482,008.

The tax rate will remain at \$.50 cents per 100 dollars valuation.

Budgeted expenditures compared with 2024 actual expenditures are expected to increase 1.38% due to inflation.

**Business-type Activities:** The City continues to evaluate its water and sewer rates to ensure that revenues generated by that activity are sufficient to meet operating requirements, as well as ongoing debt service requirements.

Water and Sewer rates did not change. Electric rates did not change.

The City does anticipate an increase of five, or more, percent in water and sewer revenues due to the installation of smart meters.

### **Requests for Information**

This report is designed to provide an overview of the City's finances for those with an interest in this area. Questions concerning any of the City's information found in this report, or requests for additional information, should be directed to the Director of Finance, City of Lincolnton, P. O. Box 617, Lincolnton, N. C. 28092. Questions concerning any of the Alcoholic Beverage Control Board information found in this report, or requests for additional information, should be directed to the Finance Officer, City of Lincolnton ABC Board, 105 Stanford Road, Lincolnton, N. C. 28092. You can also call 704-736-8980, visit our website at [www.ci.lincolnton.nc.us](http://www.ci.lincolnton.nc.us) or send an email to [pmcbryde@lincolntonnc.org](mailto:pmcbryde@lincolntonnc.org) for more information.

## **BASIC FINANCIAL STATEMENTS**

---

**The Basic Financial Statements provide a condensed overview of the financial position and results of operations of the City as a whole. They also serve as an introduction to the more detailed statements and schedules that follow.**

---

**CITY OF LINCOLNTON, NORTH CAROLINA**

**Reconciliation of the Statement of Revenues, Expenditures and  
Changes in Fund Balances of Governmental Funds to the  
Statement of Activities**

**For the Year Ended June 30, 2024**

---

Amounts reported for governmental activities in the Statement of Activities  
are different because:

Net change in fund balances - total governmental funds	\$ 2,583,967
Change in fund balance due to change in reserve for inventory	7,140

Governmental funds report capital outlays as expenditures. However, in the  
the Statement of Activities, the cost of those assets is allocated over their  
estimated useful lives and reported as depreciation expense. This is the amount  
by which capital outlays exceeded depreciation in the current period.

Capital outlay	4,516,691
Depreciation and amortization expense	(1,980,130)
Gain (loss) on sale of capital assets	(32,311)
Proceeds from sale of capital assets	-

Contributions to the pension plan in the current year fiscal year are not included on the Statement of Activities	950,699
--	---------

Benefit payments paid and administrative expenses for the LEOSSA are not included in the Statement of Activities	102,883
---	---------

OPEB benefit payments and administrative costs made in the current fiscal year are not included in the Statement of Activities	280,879
---	---------

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	
Change in deferred revenue for tax purposes	(15,648)

The issuance of long-term debt provides current financial resources to governmental funds,  
while the repayment of the principal of long-term debt consumes the current financial  
resources of the governmental funds. Neither transaction has any effect on net position.  
This amount is the net effect of these differences in the treatment of long-term  
and related items.

New long-term debt/lease issued	(1,011,921)
Principal payments on long-term debt	251,605
Accrued interest payable	1,342
Principal payments on leases	538,334
Loans principal received	(25,643)

Some expenses reported in the statement of activities do not require the  
use of current financial resources and, therefore, are not reported as  
expenditures in governmental funds.

Compensated absences	(19,708)
Pension expense	(1,820,990)
OPEB plan expense	39,876

Change in net position of governmental activities	<u>\$ 4,367,065</u>
---	---------------------

*The notes to the financial statements are an integral part of this statement.*

## **NOTES TO THE FINANCIAL STATEMENTS**

---

**These notes are intended to communicate information necessary for a fair presentation of financial position and results of operations that are not readily apparent from, or cannot be included in, the financial statements themselves. The notes supplement the financial statements, are an integral part thereof, and are intended to be read in conjunction with the financial statements.**

---

---

## CITY OF LINCOLNTON, NORTH CAROLINA

### Notes to the Financial Statements June 30, 2024

---

#### I. Summary of Significant Accounting Policies

The accounting policies of the City of Lincolnton, and its discretely presented component units, conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

##### A. Reporting Entity

The City of Lincolnton is a municipal corporation that is governed by an elected mayor and a four-member council. As required by generally accepted accounting principles, these financial statements present the City and its component units, two legally separate entities for which the City is financially accountable. The discretely presented component units presented below are reported in separate columns in the City's financial statements in order to emphasize that they are legally separate from the City.

##### City of Lincolnton ABC Board

The members of the ABC Board's governing board are appointed by the City. In addition, the ABC Board is required by State statute to distribute its surpluses to the General Fund of the City. The ABC Board, which has a June 30 year-end, is presented as if it were a proprietary fund (discrete presentation). Complete financial statements for the ABC Board may be obtained from the entity's administrative offices at City of Lincolnton ABC Board, 105 Stanford Road, Lincolnton, N. C. 28092.

##### Lincolnton Tourism Development Authority

The members of the Lincolnton Tourism Development Authority (LTDA) governing board are appointed by the City. The City collects Room Occupancy Tax as provided in N. C. General Statutes 160A-215 and remits the tax to LTDA. The LTDA is required to make use of at least 2/3 of the funds remitted to it to promote travel and tourism in the City of Lincolnton and the remainder for tourism-related expenditures. The LTDA, which has a June 30 year-end, is presented as if it were a governmental fund (discrete presentation). Financial statements of LTDA are included in this report. The LTDA does not issue separate financial statements.

##### B. Basis of Presentation

**Government-wide Statements.** The statement of net position and the statement of activities display information about the primary government and its component units. These statements include the financial activities of the overall government. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes where the amounts are reasonably equivalent to the interfund services provided and other charges between the City's Water and Sewer Fund and Electric Fund. Elimination of these activities would distort the direct costs and program revenues reported for the various functions concerned. These statements distinguish between the governmental and business-type activities of the City. Governmental activities, generally, are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole, or in part, by fees charged to external parties.

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include: (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a specific program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

**Fund Financial Statements.** The fund financial statements provide information about the City's funds. Separate statements for each fund category - governmental and proprietary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating revenues are ancillary activities such as investment earnings.

The City reports the following major governmental funds:

**General Fund.** The General Fund is the general operating fund of the City. The General Fund accounts for all financial resources, except those required to be accounted for in another fund. The primary revenue sources are ad valorem taxes, State grants, and various other taxes and licenses. The primary expenditures are for public safety, street maintenance and construction, sanitation services, and other general government services.

The City reports the following non-major governmental fund:

**Special Revenue Fund/State.** The City uses this fund to account for grant funding from the state that is being used for various projects.

The City reports the following major enterprise funds:

**Water and Sewer Fund.** This fund is used to account for the City's water and sewer operations.

**Electric Fund.** This Fund is used to account for the City's electric operations.

### C. Measurement Focus and Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the City are maintained during the year using the modified accrual basis of accounting.

Government-wide and Proprietary Fund Financial Statements - The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus. The government-wide and proprietary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the City gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues, rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds are charges to customers for sales and services. The City also recognizes as operating revenue the portion of tap fees intended to recover the cost of connecting new customers to the water and sewer system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation/amortization on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Governmental Fund Financial Statements - Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The City considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem taxes receivable are not accrued as revenue, because the amount is not susceptible to accrual. At June 30, taxes receivable for property, other than motor vehicles, are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes that were billed in periods prior to September 1, 2013, and for limited registration plates, are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as beer and wine tax, collected and held by the State at year-end on behalf of the City, are recognized as revenue. Sales taxes are considered a shared revenue for the City of Lincoln because the tax is levied by Lincoln County and then remitted to, and distributed by, the State. Most intergovernmental revenues and sales and services are not susceptible to accrual because, generally, they are not measurable until received in cash. All taxes, including those dedicated for specific purposes, are reported as general revenues rather than program revenues. Under the terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then general revenues.

#### **D. Budgetary Data**

The City's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, Enterprise Funds, and the Lincoln Tourism Development Authority (a discretely presented component unit). All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for the Special Revenue Funds. The enterprise fund projects are consolidated with their respective operating funds for reporting purposes. All budgets are prepared using the modified accrual basis of accounting. Budget ordinances allow for the transfer of funds within the department as long as expenditures do not exceed the appropriations at the departmental level for all annually budgeted funds and at the object level for the multi-year funds. All amendments must be approved by the governing board, and the Board must adopt an interim budget that covers that time until the annual ordinance can be adopted.

#### **E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Fund Equity**

##### **1. Deposits and Investments**

All deposits of the City, the ABC Board, and the LTDA are made in Board-designated, official depositories and are secured as required by State law [G.S. 159-31]. The City, the ABC Board and LTDA may designate as an official depository any bank or savings association whose principal office is located in North Carolina. Also, the City, the ABC Board and LTDA may establish time deposit accounts such as NOW and Super NOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the City, the ABC Board and LTDA to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States, obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority, obligations of certain non-guaranteed federal agencies, certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT). The investments of the City, the ABC Board and LTDA are reported at fair value. Non-participating interest-earning contracts are accounted for at cost. The NCCMT Government Portfolio, a SEC-registered (2a-7) money market mutual fund, is measured at fair value. The NCCMT-Term Portfolio is a bond fund, has no rating and is measured at fair value. As of June 30, 2024, the Term Portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months.

In accordance with State law, the City has invested in securities which are callable, and which provide for periodic interest rate increases in specific increments until maturity. These investments are reported at fair value as determined by quoted market prices.

**2. Cash and Cash Equivalents**

The City pools money from several funds to facilitate disbursement and investment, and to maximize investment income, and considers all cash and investments to be cash and cash equivalents. The ABC Board considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash and cash equivalents. The LTDA cash and investments are essentially demand deposits and are considered cash and cash equivalents.

**3. Restricted Assets**

Customer deposits held by the City before any services are supplied are restricted to the service for which the deposit was collected. The unexpended debt proceeds of the General Fund are classified as restricted assets for the General Fund because their use is completely restricted to the purpose for which the debt was originally issued. Powell Bill Funds are also classified as restricted cash because they can be expended only for the purposes outlined in G.S. 136-41.1 through 136-41.4. Federal Asset Seizure Funds are also classified as restricted cash because it can be expended only for the purposes of expenses associated with forfeited operations or used to finance certain general investigative expenses.

City of Lincolnton Restricted Cash	
Governmental activities	
General Fund	
Streets	\$ 437,048
Public safety	981
SCIF funds	-
	<u>438,029</u>
Business-type activities	
Water and Sewer Fund	
Customer deposits	162,267
Electric Fund	
Customer deposits	<u>315,800</u>
Total business-type activities	<u>478,067</u>
Total restricted cash	<u>\$ 916,096</u>

**4. Ad Valorem Taxes Receivable**

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the City levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1st (lien date); however, interest does not accrue until the following January 6th. These taxes are based on the assessed values as of January 1, 2023. As allowed by State law, the City has established a schedule of discounts that apply to taxes that are paid prior to the due date. In the City's General Fund, ad valorem tax revenues are reported net of such discounts.

**5. Allowances for Doubtful Accounts**

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

**6. Inventories and Prepaid Items**

The inventory of the City is valued at cost (first-in, first-out), which approximates market. The City's General Fund inventory consists of expendable supplies that are recorded as expenditures as used, rather than when purchased. The inventories of the City's enterprise funds and the ABC Board consist of materials and supplies held for subsequent use. The cost of these inventories is expensed when consumed, rather than when purchased. The inventory of the ABC Board is valued at lower of cost (FIFO) or market.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements and are expensed as the items are used. The cost of prepaid items is recorded as expenditures/expenses when consumed, rather than when purchased.

**7. Capital Assets**

Capital assets are defined by the government as assets with an initial, individual cost of more than a certain cost and an estimated useful life in excess of two years. Minimum capitalization cost is \$5,000. Donated capital assets received prior to June 15, 2015, are recorded at their estimated fair value at the date of donation. Donated capital assets received after June 15, 2015, are recorded at acquisition value. All other purchased or constructed capital assets are reported at cost or estimated historical cost. General infrastructure assets acquired prior to July 1, 2003, consist of the road network and water and sewer system assets that were acquired, or that received substantial improvements subsequent to July 1, 1980, and are reported at estimated historical cost using deflated replacement cost. The cost of normal maintenance and repairs that do not add to the value of the assets, or materially extend assets' lives, are not capitalized.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Infrastructure	20-45 years
Buildings	25-50 years
Improvements	8-25 years
Vehicles	4-6 years
Furniture and equipment	5-15 years
Computer equipment	5 years

Property, plant, and equipment of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

<u>Asset Class</u>	<u>Estimated Useful Lives</u>
Buildings	10-33 years
Improvements and equipment	5-10 years

## **8. Right to Use Assets**

The City has also recorded right to use assets. The right to use assets arise in association with agreements where the City reports a Lease (only applies when the City is the lessee) or agreements where the City reports Information Technology (IT) Subscriptions in accordance with the requirements of GASB 87 and GASB 96, respectively. The right to use assets are initially measured at an amount equal to the initial measurement of the related lease liability plus any lease payments made prior to the lease term, less lease incentives received from the lessor at or prior to the start of the lease term, and plus ancillary charges necessary to place the lease into service. The right to use assets are amortized on a straight-line basis over the life of the related lease.

## **9. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an expense or expenditure until then. The City has two items that meet this criterion, pension, and other post-employment deferrals for the 2024 fiscal year. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as revenue until then. The City has only four items that meet the criterion for this category - prepaid taxes, property taxes receivable, pension, and other post-employment deferrals.

## **10. Long-Term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method that approximates the effective interest method. Bonds payable are reported net of the applicable bond premiums or discount. Bond issuance costs, except for prepaid insurance costs, are expensed in the reporting period in which they are incurred. Prepaid issuance costs are expensed over the life of the debt.

In fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## 11. Compensated Absences

The vacation policy of the City provides for a maximum of 240 hours to be carried from one year to the next. Any employee with more than 240 hours of accumulated leave during the last pay period of each calendar year shall have the excess accumulation removed so that only 240 hours are carried forward to the first pay period of the next calendar year. All excess vacation hours over 240 will be converted to the employee's sick leave account. If the employee separates from service, payment for accumulated vacation leave shall not exceed 240 hours. The vacation policy of the ABC Board provides for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the City's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned. The City has assumed a first-in, first-out method of using accumulated compensated time. The portion of that time that is estimated to be used in the next fiscal year has been designated as a current liability in the government-wide financial statements. The ABC Board's accumulated vacation pay is not considered to be material.

Both the City and the ABC Board's sick leave policies provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the City, nor the ABC Board, has any obligation for the accumulated sick leave until it is actually taken, no accrual for sick leave has been made.

## 12. Net Position/Fund Balances

### Net Position

Net position in government-wide and proprietary fund financial statements is classified as invested in capital assets, restricted and unrestricted. Restricted net position represents constraints on resources that are either externally imposed by creditors, grantors, contributors, or by laws or regulations of other governments or imposed by law through State statute.

### Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Non-spendable Fund Balance - This classification includes amounts that cannot be spent because they are either: (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Inventories - the portion of fund balance that is not an available resource, because it represents the year-end balance of ending inventories, which are not spendable resources.

Prepaid Items - the portion of fund balance that is not available for appropriation, because it represents the year-end balance of prepaid items, which are not expendable available resources.

Restricted Fund Balance - This classification includes amounts that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute - North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State Statute (RSS) is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "Restricted by State Statute". Appropriated fund balance in any fund shall not exceed the sum of cash and investments, minus the sum of liabilities, encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is "imposed by law through constitutional provisions or enabling legislation." RSS is reduced by inventories and prepaids, as they are classified as non-spendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net Position and Restricted Fund Balance on the face of the balance sheet.

Restricted for Streets - the Powell Bill portion of fund balance that is restricted by revenue source for street construction and maintenance expenditures. This amount represents the balance of the total unexpended Powell Bill Funds.

Restricted for Economic Development - the portion of fund balance used to account for occupancy tax revenue which is restricted for tourism related purposes.

Restricted for Public Safety - the portion of fund balance that is restricted by revenue source for narcotic enforcement.

Committed Fund Balance - the portion of fund balance that can only be used for specific purposes imposed by a majority vote by quorum of City of Lincolnton's governing body (highest level of decision-making authority). The governing body can, by adoption of an ordinance prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken (the adoption of another ordinance) to remove or revise the limitation.

Assigned Fund Balance - the portion of fund balance that City of Lincolnton intends to use for specific purposes but does not meet the criteria to be classified as committed. The governing council (the "Council") has the authority to assign fund balance. The Council may also assign fund balance, as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget.

Subsequent Year's Expenditures - the portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation.

Unassigned Fund Balance - the portion of fund balance that represents the residual amount for the general fund that is not contained in the other classifications. The general fund is the only fund that reports a positive unassigned fund balance. Additionally, any deficit fund balance within the other governmental fund types is reported as unassigned.

The City of Lincolnton does not have a formal revenue spending policy that provides guidance for programs with multiple revenue sources. However, the Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, State funds, local, non-city funds, and city funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in-order by committed fund balance, assigned fund balance and, lastly, unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it is in the best interest of the City.

### **13. Defined Benefit Cost-Sharing Plans**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Local Governmental Employees' Retirement System (LGERS) and additions to/deductions from LGERS' fiduciary net position have been determined on the same basis as they are reported by LGERS. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The City of Lincolnton's employer contributions are recognized when due, and the City of Lincolnton has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of LGERS. Investments are reported at fair value.

For purposes of measuring the net pension expense, information about the fiduciary net position of the Firefighters' and Rescue Squad Workers' Pension Fund (FRSWPF) and additions to/deductions from FRSWPF's fiduciary net position have been determined on the same basis as they are reported by FRSWPF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

## **F. Other**

### **Management Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

## II. Stewardship, Compliance, and Accountability

### A. Noncompliance with North Carolina General Statutes

None.

## III. Detail Notes on All Funds

### A. Assets

#### 1. Deposits

All the deposits of the City, the ABC Board and the LTDA are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits that exceed the federal depository insurance coverage level are collateralized with securities held by the City's, the ABC Board's and LTDA's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the City, the ABC Board and the LTDA, these deposits are considered to be held by the City's, the ABC Board's and the LTDA's agents in their names. The amount of the pledged collateral is based on an approved averaging method for non-interest-bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits.

The State Treasurer does not confirm this information with the City, the ABC Board and LTDA, or the escrow agent. Because of the inability to measure the exact amounts of collateral pledged for the City, the ABC Board and LTDA under the Pooling Method, the potential exists for under collateralization. This risk may increase in periods of high cash flows.

However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method. The City, the ABC Board and LTDA have no formal policy regarding custodial credit risk for deposits but rely on the State Treasurer to enforce standards of minimum capitalization for all Pooling Method financial institutions and to monitor them for compliance. The City complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured.

At June 30, 2024, the City's deposits had a carrying amount of \$13,319,420 and a bank balance of \$13,727,867. Of the bank balance, \$500,000 was covered by federal depository insurance, and the remainder was covered by collateral held under the Pooling Method. At June 30, 2024, the City's petty cash fund totaled \$1,350.

At June 30, 2024, the ABC Board had a carrying amount of \$269,816 and a bank balance of \$338,860. Of the bank balance, \$250,000 was covered by federal depository insurance, and the remainder was covered by federal depository insurance.

At June 30, 2024, the ABC Board had cash on hand of \$5,700.

At June 30, 2024, the LTDA had a carrying amount of \$519,852 and a bank balance of \$519,852. Of the bank balance \$250,000 was covered by federal depository insurance.

**2. Investments**

<u>Investment by Type</u>	<u>Valuation Measurement Method</u>	<u>Book Value at 6/30/24</u>	<u>Maturity</u>	<u>Rating</u>
N. C. Capital Management Trust - Government Portfolio	Fair Value Level 1	<u>\$17,666,177</u>	N/A	AAAm
North Carolina Class	Level 1	<u>\$ 200,591</u>	N/A	AAAm

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1 debt securities are valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level 2 debt securities are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities' benchmark quoted prices.

*Interest Rate Risk.* The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

*Credit Risk.* The City has no formal policy regarding credit risk but has internal management procedures that limit the City's investments to the provisions of G.S. 159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. The City's investment in the N. C. Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard and Poor's, and AAAm-mf by Moody's Investment Service and the City's investments in North Carolina Class carried a credit rating of AAAm by Standard and Poor's Global Ratings as of June 30, 2024.

**3. Receivables - Allowance for Doubtful Accounts**

The amounts presented in the Balance Sheet and the Statement of Net Position are net of the following allowances for doubtful accounts:

General Fund:	
Taxes receivable	<u>\$ 128,000</u>
Enterprise Funds:	
Water and Sewer Fund	105,845
Electric Fund	<u>121,386</u>
Total Enterprise Funds	<u>227,231</u>
Total	<u><u>\$ 355,231</u></u>

#### 4. Capital Assets

##### Primary Government

Capital asset activity for the primary government for the year ended June 30, 2024, was as follows:

Governmental Activities:	Beginning Balances	Increases	Decreases	Ending Balances
<b>Capital assets not being depreciated:</b>				
Land	\$ 9,251,965	\$ 877,692	\$ -	\$ 10,129,657
Construction in progress	212,474	1,213,221	1,035,700	389,995
<b>Total capital assets not being depreciated</b>	<b>9,464,439</b>	<b>\$ 2,090,913</b>	<b>\$ 1,035,700</b>	<b>10,519,652</b>
<b>Capital assets being depreciated:</b>				
Building	13,160,626	\$ 1,164,273	\$ 14,751	14,310,148
Other improvements	3,787,256	454,874	22,777	4,219,353
Plant and distribution systems	239,075	-	-	239,075
Furniture and equipment	3,210,007	795,595	108,624	3,896,978
Vehicles and motorized equipment	7,306,582	31,252	-	7,337,834
Infrastructure	13,657,019	-	-	13,657,019
<b>Total capital assets being depreciated</b>	<b>41,360,565</b>	<b>\$ 2,445,994</b>	<b>\$ 146,152</b>	<b>43,660,407</b>
<b>Less accumulated depreciation for:</b>				
Building	6,035,173	\$ 443,659	\$ 14,751	6,464,081
Other improvements	2,124,194	173,080	19,401	2,277,873
Plant and distribution systems	114,131	9,166	-	123,297
Furniture and equipment	2,148,220	276,344	92,267	2,332,297
Vehicles and motorized equipment	6,277,991	389,238	-	6,667,229
Infrastructure	11,719,152	137,430	-	11,856,582
<b>Total accumulated depreciation</b>	<b>28,418,861</b>	<b>\$ 1,428,917</b>	<b>\$ 126,419</b>	<b>29,721,359</b>
<b>Total capital assets being depreciated, net</b>	<b>12,941,704</b>			<b>13,939,048</b>
<b>Capital assets being amortized:</b>				
Leased vehicles	1,627,285	\$ 939,309	\$ 249,666	2,316,928
Leased equipment	468,449	76,174	-	544,623
	<b>2,095,734</b>	<b>\$ 1,015,483</b>	<b>249,666</b>	<b>2,861,551</b>
<b>Less accumulated amortization for:</b>				
Leased vehicles	675,576	\$ 375,385	\$ 237,087	813,874
Leased equipment	163,113	175,828	-	338,941
	<b>838,689</b>	<b>\$ 551,213</b>	<b>\$ 237,087</b>	<b>1,152,815</b>
<b>Total capital assets being amortized, net</b>	<b>1,257,045</b>			<b>1,708,736</b>
<b>Governmental activity capital assets, net</b>	<b>\$ 23,663,188</b>			<b>\$ 26,167,436</b>

Depreciation and amortization expense was charged to functions/programs of the primary government as follows:

	<u>Depreciation</u>	<u>Amortization</u>
General government	\$ 505,935	\$ 175,828
Public safety	476,681	315,398
Public works	126,589	45,224
Economic and physical development	50,329	1,540
Environmental protection	161,053	2,345
Cultural and recreational	108,330	10,879
<b>Total depreciation expense</b>	<b>\$ 1,428,917</b>	<b>\$ 551,213</b>

<b>Business-type Activities:</b>	<b>Beginning Balances</b>	<b>Increases</b>	<b>Decreases</b>	<b>Ending Balances</b>

Total business-type activities	<u>597,445</u>	<u>-</u>	<u>11,830</u>	<u>103,294</u>	<u>712,569</u>
Total	<u>\$ 634,925</u>	<u>\$ 70,188</u>	<u>\$ 15,236</u>	<u>\$ 103,294</u>	<u>\$ 823,644</u>

**2. Pension Plan and Post-employment Obligations**

**a. Local Governmental Employees' Retirement System**

*Plan Description.* The City of Lincoln is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing, multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, and one appointed by the State House of Representatives, the State Treasurer and the State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State's Annual Comprehensive Financial Report includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation, times the years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service, or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service, or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

*Contributions.* Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. The City of Lincoln employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The City of Lincoln's contractually required contribution rate for the year ended June 30, 2024, was 14.04% of compensation for law enforcement officers and 12.90% for general employees, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. Contributions to the pension plan from the City of Lincoln were \$1,266,462 for the year ended June 30, 2024.

*Refunds of Contributions.* City employees who have terminated service as a contributing member of LGERS may file an application for a refund of their contributions. By State law, refunds to members with at least five years of service include 4% interest. State law requires a 60-day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by LGERS.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2024, the City reported a liability of \$7,303,212 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2023, utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2023 (measurement date), the City's proportion was 0.11027%, which was a decrease of 0.00226% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the City recognized pension expense of \$2,134,242. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 813,794	\$ 17,520
Changes of assumptions	310,344	-
Net difference between projected and actual earnings on pension plan investments	1,954,659	-
Changes in proportion, and differences between, City contributions and proportionate share of contributions	122,881	56,848
City contributions subsequent to the measurement date	1,266,462	-
Total	<u>\$ 4,468,140</u>	<u>\$ 74,368</u>

\$1,266,462, reported as deferred outflows of resources related to pensions resulting from City contributions subsequent to the measurement date, will be recognized as a decrease of the net pension liability in the year ending June 30, 2024. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year Ending June 30:</b>	
2025	\$ 1,159,671
2026	597,692
2027	1,287,294
2028	82,653
2029	-
Thereafter	-

*Actuarial Assumptions.* The total pension liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 8.25 percent, including inflation and productivity factor
Investment rate of return	6.50 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e., general, law enforcement officer) and health status (i.e., disabled, and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2022, valuation were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighing the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2022, are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Fixed Income	33.0%	0.9%
Global Equity	38.0%	6.5%
Real Estate	8.0%	5.9%
Alternatives	8.0%	8.2%
Credit	7.0%	5.0%
Inflation Protection	6.0%	2.7%
Total	<u>100.0%</u>	

The information above is based on 30-year expectations developed with the consulting actuary for the 2022 asset, liability, and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 2.50%. All rates of return and inflation are annualized.

*Discount rate.* The discount rate used to measure the total pension liability was 6.50%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

*Sensitivity of the City’s proportionate share of the net pension asset to changes in the discount rate -* The following presents the City’s proportionate share of the net pension asset calculated using the discount rate of 6.50 percent, as well as what the City’s proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.50 percent) or 1-percentage-point higher (7.50 percent) than the current rate:

	<b>1% Decrease (5.50%)</b>	<b>Discount Rate (6.50%)</b>	<b>1% Increase (7.50%)</b>
City’s proportionate share of the net pension liability (asset)	<u>\$12,652,527</u>	<u>\$7,303,212</u>	<u>\$2,899,154</u>

Pension plan fiduciary net position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

**b. Law Enforcement Officers’ Special Separation Allowance**

*Plan Description.* The City administers a public employee retirement system (the “Separation Allowance”), a single-employer, defined benefit pension plan that provides retirement benefits to the City’s qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to .85% of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time City law enforcement officers are covered by the Separation Allowance. At December 31, 2022, the valuation date, the Separation Allowance's membership consisted of:

Retirees receiving benefits	7
Terminated plan members entitled to, but not receiving, benefits	-
Active plan members	<u>33</u>
Total	<u>40</u>

**Summary of Significant Accounting Policies**

Basis of Accounting - The City has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meet the following criteria which we outlined in GASB Statement 73:

**Actuarial Assumptions**

The entry age actuarial cost method was used in the December 31, 2022, valuation. The total pension liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.25 to 7.75 percent, including inflation and productivity
Discount rate	4.00 percent

The discount rate used to measure the TPL is the S & P Municipal Bond 20 Year High Grade Rate Index.

Mortality assumption: All mortality rates use Pub-2010 amount-weighted tables.

Mortality projection: All mortality rates are projected from 2010 using generational improvement with Scale MP-2019.

**Contributions**

The City is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The City's obligation to contribute to this plan is established, and may be amended by, the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment earnings. The City paid \$98,334 as benefits came due for the reporting period.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2024, the City reported a total pension liability of \$1,478,613. The total pension liability was measured as of December 31, 2023, based on a December 31, 2022, actuarial valuation. The total pension liability was then rolled forward to the measurement date of December 31, 2023, utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2024, the City recognized pension expense of \$101,068.

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 132,237	\$ 3,169
Changes of assumptions	135,326	152,160
City benefit payments and plan administrative expense made subsequent to the measurement date	48,118	-
Total	<u>\$ 315,681</u>	<u>\$ 155,329</u>

\$48,118, paid as benefits came due, and \$-0- of administrative expenses subsequent to the measurement date have been reported as deferred outflows of resources and will be recognized as a decrease of the total pension liability in the year ending June 30, 2024. Other amounts reported as deferred inflows of resources related to pensions will be recognized in the pension expense as follows:

**Year ending June 30:**

2025	\$ 79,883
2026	25,401
2027	(7,977)
2028	5,082
2029	9,845
Thereafter	-

*Sensitivity of the City's total pension liability to changes in the discount rate.* The following presents the City's total pension liability calculated using the discount rate of 4.00 percent, as well as what the City's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.00 percent) or 1-percentage-point higher (3.00 percent) than the current rate:

	<b>1% Decrease (3.00%)</b>	<b>Discount Rate (4.00%)</b>	<b>1% Increase (5.00%)</b>
Total pension liability	<u>\$ 1,588,379</u>	<u>\$ 1,478,613</u>	<u>\$ 1,378,438</u>

## Law Enforcement Officers' Special Separation Allowance

Beginning Balance	\$ 1,338,743
Service Cost	58,283
Interest on the total pension liability	55,581
Changes of benefit terms	-
Differences between expected and actual experience in the measurement of total pension liability	94,541
Changes of assumptions	29,799
Benefit payments	(98,334)
Other changes	-
Ending balance of the total pension liability	<u>\$ 1,478,613</u>

The plan currently uses mortality tables that vary by age and health status (i.e., disabled, and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2022, valuation were based on the results of an actuarial experience study for the period January 1, 2015 through December 31, 2019.

## Total Expense, Liabilities, and Deferred Outflows and Inflows of Resources Related to Pensions

The following is information related to the proportionate share and pension expense for all pension plans:

	LGERS	LEOSSA	FRS WPF	Total
Pension expense	\$ 2,134,242	\$ 101,068	\$ 3,347	\$ 2,238,657
Pension liability	7,303,212	1,478,613	3,327	8,785,152
Proportionate share of the net pension liability	0.11027%	n/a	n/a	
Deferred outflows of resources:				
Differences between expected and actual experience	813,794	132,237	-	946,031
Changes of assumptions	310,344	135,326	-	445,670
Net difference between projected and actual earnings on plan investments	1,954,659	-	-	1,954,659
Changes in proportion, and differences between, contributions and proportionate share of contributions	122,881	-	-	122,881
Benefit payments and administrative costs paid subsequent to the measurement date	1,266,462	48,118	-	1,314,580
Deferred inflows of resources:				
Differences between expected and actual experience	17,520	3,169	-	20,689
Changes of assumptions	-	152,160	-	152,160
Net difference between projected and actual earnings on plan investments	-	-	-	-
Changes in proportion, and differences between, contributions and proportionate share of contributions	56,848	-	-	56,848

**c. Supplemental Retirement Income Plan for Law Enforcement Officers**

*Plan Description.* The City contributes to the Supplemental Retirement Income Plan (the “Plan”), a defined contribution pension plan administered by the Department of the State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the City. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State’s Annual Comprehensive Financial Report includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, or by calling (919) 981-5454.

*Funding Policy.* Article 12E of G.S. Chapter 143 requires the City to contribute, each month, an amount equal to five percent of each officer’s salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make voluntary contributions to the plan.

The City made contributions of \$98,867 for the reporting year. No amounts were forfeited.

**d. Firefighters’ and Rescue Squad Workers’ Pension Fund**

*Plan Description.* The State of North Carolina contributes, on behalf of the City of Lincolnton, to the Firefighters’ and Rescue Squad Workers’ Pension Fund (FRSWPF), a cost-sharing, multiple-employer defined benefit pension plan with a special funding situation administered by the State of North Carolina. FRSWPF provides pension benefits for eligible fire and rescue squad workers who have elected to become members of the fund. Article 86 of G.S. Chapter 58 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, and one appointed by the State House of Representatives, the State Treasurer and the State Superintendent, who serve as ex-officio members. The Firefighters’ and Rescue Squad Workers’ Pension Fund is included in the Annual Comprehensive Financial Report for the State of North Carolina. The State’s Annual Comprehensive Financial Report includes financial statements and required supplementary information for the Firefighters’ and Rescue Squad Workers’ Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at [www.osc.nc.gov](http://www.osc.nc.gov).

*Benefits Provided.* FRSWPF provides retirement and survivor benefits. The present retirement benefit is \$170 per month. Plan members are eligible to receive the monthly benefit at age 55 with 20 years of creditable service as a firefighter or rescue squad worker and have terminated duties as a firefighter or rescue squad worker. Eligible beneficiaries of members who die before beginning to receive the benefit will receive the amount paid by the member, and contributions paid on the member’s behalf, into the plan. Eligible beneficiaries of members who die after beginning to receive benefits will be paid the amount the member contributed, minus the benefits collected.

*Contributions.* Plan members are required to contribute \$10 per month to the plan, which is paid by the City. The State, a non-employer contributor, funds the plan through appropriations. Contribution provisions are established by General Statute 58 - 86 and may be amended only by the North Carolina General Assembly. For the fiscal year ended June 30, 2024, the State contributed \$19,702,208 to the plan. The City of Lincolnton's proportionate share of the State's contribution is \$6,830.

*Refunds of Contributions.* Plan members who are no longer eligible, or who choose not to participate in the plan, may file an application for a refund of their contributions. Refunds include the member's contributions and contributions paid by others on the member's behalf. No interest will be paid on the amount of the refund. The acceptance of a refund payment cancels the individual's right to employer contributions, or any other benefit provided by FRSWPF.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2024, the City reported no liability for its proportionate share of the net pension liability, as the State provides 100% pension support to the City through its appropriations to the FRSWPF. The total portion of the net pension liability that was associated with the City, and supported by the State, was \$3,227. The net pension liability was measured as of June 30, 2023. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2022. The total pension liability was then rolled forward to the measurement date of June 30, 2023, utilizing update procedures incorporating the actuarial assumptions. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers. As the City is not projected to make any future contributions to the plan, its proportionate share at June 30, 2024 and at June 30, 2023 was 0%.

For the year ended June 30, 2024, the City recognized pension expense of \$3,347 and revenue of \$3,347 for support provided by the State. At June 30, 2024, the City reported no deferred outflows of resources and no deferred inflows of resources related to pensions.

*Actuarial Assumptions.* The total pension liability in the December 31, 2022, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	Not applicable
Investment rate of return	7.00 percent, net of pension plan investment expense, including inflation

For more information regarding actuarial assumptions including mortality tables, the actuarial experience study, the consideration of future ad hoc COLA amounts, the development of the projected long-term investment returns, and the asset allocation policy, refer to the discussion of actuarial assumptions for the LGERS plan in Section a. of this note.

*Discount rate.* The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Pension plan fiduciary net position - Detailed information about the pension plan’s fiduciary net position is available in the separately issued Annual Comprehensive Financial Report for the State of North Carolina.

**e. Other Post-employment Benefits**

**Healthcare Benefits**

Plan Description - Under the terms of a City resolution, the City administers a single-employer defined benefit Healthcare Benefits Plan (the “HCB Plan”). This plan provides post-employment health care benefits to retirees of the City, provided they participate in the North Carolina Local Government Employees’ Retirement System (the “System”) and have at least the following years of creditable service with the City or a disability status with the following years of creditable service with the City:

	<u>Creditable Years of Service</u>	<u>Disability Creditable Years of Service</u>
For employees hired on, or after, July 1, 2012	25	15
For employees hired prior to July 1, 2012	20	10

The City pays the full cost of coverage for these benefits. Also, the City’s retirees can purchase coverage for their dependents. Currently, thirty-two (32) retirees are eligible for post-employment health benefits. As of February 1, 2018, the City participates in the North Carolina State Health Plan which is a division of the North Carolina Department of the State Treasury.

Membership of the HCB Plan consisted of the following at June 30, 2023, the date of the latest actuarial valuation:

Retirees and dependents receiving benefits	39
Terminated plan members entitled to, but not yet receiving, benefits	-
Active plan members	106
Total	<u>145</u>

No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

*Funding Policy.* The City pays the full cost of coverage for the healthcare benefits paid to qualified retirees under a City resolution that can be amended by the City Council. The City’s members pay the City’s group rates for dependent coverage, if enrolled in dependent coverage at the time of retirement. The City has chosen to fund the healthcare benefits on a pay as you go basis.

### Total OPEB Liability

The City's total OPEB liability of \$10,705,857 was measured as of June 30, 2023, and was determined by an actuarial valuation as of that date.

*Actuarial assumptions and other inputs.* The total OPEB liability on the June 30, 2023, actuarial valuation was determined using the following actuarial assumptions, and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.5 percent
Salary increases	3.50 to 8.41 percent, average, including inflation
Discount Rate	3.65 percent
Healthcare cost trend rates	Pre-Medicare - 7.00% for 2023 decreasing to an ultimate rate of 4.50% by 2033

The discount rate is based on the Municipal Bond Index Rate as of the measurement date.

### Changes in the Total OPEB Liability

	<u>Total OPEB</u>
Balance July 1, 2023	<u>\$ 10,871,022</u>
Changes for the year	
Service cost	318,103
Interest	384,690
Changes of benefit terms	-
Difference between expected and actual experience	(450,276)
Changes in assumptions of other inputs	232,299
Benefit payments	<u>(649,981)</u>
Net changes	<u>(165,165)</u>
Balance June 30, 2024	<u>\$ 10,705,857</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 2.16% to 3.65%.

Mortality rates were based on the RP-2014 Mortality Tables with adjustments for LGERS experience and generational mortality improvements using Scale MP-2019.

The actuarial assumptions used in the June 30, 2023, valuation were based on the results of an actuarial experience study for the period January 2015 through December 2019.

*Sensitivity of the total OPEB liability to changes in the discount rate.* The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.65 percent) or 1-percentage-point higher (4.65 percent) than the current rate:

	<b>1% Decrease (2.65%)</b>	<b>Discount Rate (3.65%)</b>	<b>1% Increase (4.65%)</b>
Total OPEB liability	<u>\$ 11,699,676</u>	<u>\$ 10,705,857</u>	<u>\$ 9,822,870</u>

*Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates.* The following presents the total OPEB liability of the City, as well as what the City's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	<b>(Medical - 6.0% Prescription - 6.0%)</b>	<b>Discount Rate (Medical - 7.0% Prescription - 7.0%)</b>	<b>(Medical - 8.0% Prescription - 8.0%)</b>
Total OPEB liability	<u>\$ 9,703,080</u>	<u>\$ 10,705,857</u>	<u>\$ 11,878,215</u>

**OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2024, the City recognized OPEB expense of \$383,842. At June 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 25,870	\$ 1,485,572
Changes of assumptions	<u>1,584,479</u>	<u>1,011,121</u>
Total	<u>\$ 1,610,349</u>	<u>\$ 2,496,693</u>

\$-0-, reported as deferred outflows of resources related to pensions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date, will be recognized as a decrease of the total pension liability in the year ended June 30, 2024. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<b>Year ending June 30:</b>	
2025	\$ (251,809)
2026	(225,679)
2027	(74,560)
2028	(176,167)
2029	(151,094)
Therefore	(7,035)

The ABC Board has not elected to provide other post-employment benefits to employees.

**f. Other Employment Benefits**

The City has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (the "Death Benefit Plan"), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death, are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest month's salary in a row during the 24 months prior to the employee's death, but the benefit may not exceed \$50,000 or be less than \$25,000. Because all death benefit payments are made from the Death Benefit Plan, and not by the City, the City does not determine the number of eligible participants. The City has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the post-employment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not engaged in law enforcement and for law enforcement officers. The City considers these contributions to be immaterial. The City provides additional group term life insurance through their health insurance plan. Any amount in excess of \$50,000 is considered taxable to the employee as a fringe benefit.

### 3. Deferred Outflows and Inflows of Resources

The City has several deferred outflows of resources. Deferred outflows of resources is comprised of the following:

**Source**

Contributions to pension plan in current fiscal year	\$ 1,266,462
Benefit payments and administrative expenses for LEOSSA made subsequent to the measurement date	48,118
Benefit payments and administrative expenses for OPEB made subsequent to the measurement date	-
Differences between expected and actual experience	946,031
Changes of assumptions	2,030,149
Net Differences between projected and actual	1,980,529
Changes in proportion, and differences between, employer contribution and proportionate share of contributions	122,881
Charge on refunding	-
Total	<u>\$ 6,394,170</u>

Deferred inflows of resources at year-end is comprised of the following:

	<u>Statement of Net Position</u>	<u>General Fund Balance Sheet</u>
Prepaid taxes (General Fund)	\$ 2,894	\$ 2,894
Taxes receivable, less penalties (General Fund)	-	30,272
Changes in assumptions	1,163,281	-
Differences between expected and actual experience	1,506,261	-
Changes in proportion, and differences between, employer contributions and proportionate share of contributions	56,848	-
	<u>\$ 2,729,284</u>	<u>\$ 33,166</u>

### 4. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City participates in a self-funding risk financing pool offered by the North Carolina League of Municipalities for Workers' Compensation coverage up to statutory limits.

The City carries commercial coverage for all other risks of loss. There have been no significant reductions in insurance coverage in the prior year and settled claims have not exceeded coverage in any of the past three fiscal years.

The City is eligible to and has purchased commercial flood insurance for a limit of \$5,000,000 for all locations on our commercial property policy, except the areas located in special flood hazard areas as defined by the National Flood Insurance Program, and all locations in any Federal Emergency Management Agency Flood Zones.

In accordance with G.S. 159-29, the City's employees that have access to \$100 or more, at any given time, of the City's funds are performance bonded through a commercial surety bond. The finance officer is bonded for \$1,000,000. The remaining employees that have access to funds are insured up to \$100,000.

The Lincolnton Tourism Development Authority's finance officer is bonded for \$50,000.

The ABC Board's general manager and finance officer are bonded for \$50,000.

**5. Long-Term Obligations**

**a. Installment Purchases**

The City has entered into various direct placement installment purchases to finance the following:

Serviced by the General Fund:

\$120,000, 2015, 4.5% installment purchase payable to an individual bank in monthly installments of \$1,244, due in 2025, secured by land	\$ 12,136
\$250,000, 2020, 2.99% installment purchase payable to bank in annual installments of \$39,087, due in 2026, secured by equipment	74,421
\$309,000, 2020, 2.99% installment purchase payable to bank in annual installments of \$48,312, due in 2026, secured by equipment	92,957
\$662,149, 2021, 2.49% loan payable to a bank in annual installments of \$102,676, due in 2027, secured by equipment	293,040
\$157,390, 2021, 3.06% loan payable to a bank in annual installments of \$25,361, due in 2028, secured by equipment	94,012
\$350,582, 2023, 3.7% loan payable to a bank in monthly installments of \$4,752, due in 2029, secured by equipment	275,263
	<u>841,828</u>

Serviced by the Water and Sewer Fund:

\$2,470,515, 2019, 3.00% installment purchase payable in annual installments of \$397,121, due in 2026, secured by equipment	758,250
\$153,328, 2024, 6.375% installment purchase payable in annual installments of \$27,927, due in 2030, secured by equipment	153,328
	<u>911,578</u>

Total	<u><u>\$ 1,753,406</u></u>
-------	----------------------------

Annual debt service requirements to maturity for long-term obligations are as follows:

	Direct Placement		Revolving Loans		Total Debt Due	
	Installment purchase		Principal	Interest	Principal	Interest
	Principal	Interest				
<b>Governmental Activities:</b>

At June 30, 2024, the City of Lincolnton had no bonds authorized but un-issued and a legal debt margin of \$128,661,694.

**b. Leases**

The City entered into lease agreements to lease certain equipment. The lease agreements qualify as other than short-term leases under GASB 87 and, therefore, have been recorded at the present value of future minimum lease payments as of the date of their inception.

As of June 30, 2024, the City had 77 active leases. The leases have payments that range from \$686 to \$146,000 and interest rates from 0.4350% to 2.2600%. As of June 30, 2024, the total combined value of the lease liability is \$2,091,362, the total short-term lease liability is \$660,142. The combined value of the right to use assets, as of June 30, 2024, is \$3,295,963 with accumulated amortization of \$1,375,563. The right to use assets is discussed in more detail in section III.A.4 of the notes.

The future minimum lease obligation and the net present value of these minimum lease payments as of June 30, 2024, were as follows:

<b>Governmental Activities:</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2025	\$ 581,602	\$ 29,458	\$ 611,060
2026	459,749	19,286	479,035

Revolving loans	-	-	-	-	-
Direct placement installment purchase	1,121,318	153,328	363,068	911,578	392,011
<b>Water and Sewer Fund long-term liabilities</b>	<b>4,954,248</b>	<b>438,459</b>	<b>531,013</b>	<b>4,861,694</b>	<b>650,902</b>
<b>Electric Fund:</b>					
Compensated absences	43,402	20,715	15,707	48,410	19,724
Lease liabilities	20,903	63,220	5,897	78,226	14,324
Total OPEB liability	511,406	67,158	-	578,564	16,670
Net pension liability (LGERS)	409,543	50,615	-	460,158	-
<b>Electric Fund long-term liabilities</b>	<b>985,254</b>	<b>201,708</b>	<b>21,604</b>	<b>1,165,358</b>	<b>50,718</b>
<b>Business-type activities long-term liabilities</b>	<b>\$ 5,939,502</b>	<b>\$ 640,167</b>	<b>\$ 552,617</b>	<b>\$ 6,027,052</b>	<b>\$ 701,620</b>

Compensated absences, OPEB liabilities and pension liabilities are typically liquidated in the corresponding fund as the liability. Compensated absences are accounted for on a FIFO basis, assuming that employees are taking leave as it is earned.

**C. Interfund Balances and Activity**

Interfund Loan - The General Fund borrowed funds from the Electric Fund to fund various projects.

Interfund loans consist of the following at June 30, 2024:

\$1,000,000 interfund loan over fifteen years, with an interest rate of 1.5%, with \$74,994 annual payments for the construction of a police building, through 2033.	\$ 626,573
\$1,054,429 interfund loan over fifteen years, with an interest rate of 1.5%, with \$79,024 annual payments for the construction of a police building, through 2036.	861,950
\$448,000 interfund loan over fifteen years, with an interest rate of 1.5%, with \$33,575 annual payments for the construction of a welcome center, through 2036.	<u>366,220</u>
Total advances to other funds	1,854,743
Due within one year	<u>159,722</u>
Due in more than one year	<u>\$ 1,695,021</u>

Transfers To/From Other Funds

The composition of transfers as of June 30, 2024, is as follows:

	<u>General Fund</u>	<u>Transfers In Electric Rate Stabilization Fund</u>	<u>Total</u>
Transfer Out			
Water and Sewer Fund	\$ 369,099	\$ -	\$ 369,099
Electric Fund	34,351	-	34,351
Total	<u>\$ 403,450</u>	<u>\$ -</u>	<u>\$ 403,450</u>

Transfers are used to: (1) move unrestricted revenues to finance various programs that the government must account for in other funds in accordance with budgetary authorizations, including amounts provided as subsidies or matching funds for various grant programs, (2) move funds from the fund with collection authorization to other funds to stabilize rates.

For the year ended June 30, 2024, the government made the following transfers:

Transfers from the Water and Sewer Fund to the General Fund - payment in lieu of taxes.

Transfers from the Electric Fund to the General Fund - payment in lieu of taxes.

**D. On-Behalf Payments for Fringe Benefits and Salaries**

For the fiscal year ended June 30, 2024, the City of Lincolnton has recognized on-behalf payments for pension contributions made by the State as a revenue and an expenditure of \$3,347 for the 15 employed firemen who perform firefighting duties for the City’s fire department. The employees elected to be members of the Firemen and Rescue Workers’ Pension Fund, a cost sharing, multiple-employer, public employee retirement system established, and administered, by the State of North Carolina. The Plan is funded by a \$120 annual contribution paid by the City, investment income, and a State appropriation.

Also, the City has recognized as a revenue and an expenditure, on-behalf payments for fringe benefits and salaries of \$-0- for the low interest loans provided to eligible firemen by the local board of trustees of the Firemen’s Relief Fund during the fiscal year ended June 30, 2024. Under State law, the local board of trustees for the Fund receives an amount each year, which the board may use at its own discretion for eligible firemen or their departments.

**E. Net Investment in Capital Assets**

	<u>Governmental</u>	<u>Business-type</u>
Capital assets	\$ 24,458,700	\$ 26,574,288
Right to use assets	1,708,736	211,645
Less: long-term debt	<u>(2,680,070)</u>	<u>(1,164,697)</u>
	<u>\$ 23,487,366</u>	<u>\$ 25,621,235</u>

**F. Fund Balance**

The following schedule provides management and citizens with information on the portion of the General Fund Balance that is available for appropriation:

Total Fund Balance - General Fund	\$ 14,081,447
Less:	
Inventories	13,440
Prepaid	8,500
Stabilization by State Statute	1,483,554
Streets - Powell Bill	437,048
Police	981
Appropriated Fund Balance in 2024 Budget	200,000
Remaining Fund Balance	11,937,924

The outstanding encumbrances are amounts needed to pay any commitments related to purchase orders and contracts that remain unperformed at year-end.

<u>Encumbrances</u>	<u>General Fund</u>	<u>Non-Major Funds</u>
\$-0-	\$-0-	\$-0-

### **III. Jointly Governed Organizations**

The City, in conjunction with eighteen other local governments, is a member of the North Carolina Municipal Power Agency Number 1 (NCMPA#1). The Electric Agency was formed to enable municipalities that own electric distribution systems to finance, construct, own, operate, and maintain generation and transmission facilities. Each participating government appoints one commissioner to the Electric Agency's governing board. The nineteen members, which receive power from the Electric Agency, have signed power sales agreements to purchase a specified share of the power generated by the Electric Agency. Except for the power sales purchase requirements, no local government participant has any obligation, entitlement, or residual interest. The City's purchases of power for the fiscal year ended June 30, 2024, were \$4,415,293.

The City, in conjunction with nine counties and seventy-four other municipalities, established the Centralina Council of Governments (the "Council"). The participating governments established the Council to coordinate various funding received from federal and State agencies. Each participating government appoints one member to the Council's governing board. The City paid membership fees of \$2,690 to the Council during the fiscal year ended June 30, 2024.

### **IV. Joint Venture**

The City, in conjunction with Lincoln County, participates in a general aviation airport. The Airport Authority's board shall be reconstructed as a five-member board, with one member appointed by the City and four members by the County; however, one of the four members selected by the County shall reside within the City of Lincolnton, and the other three shall reside within the County. The members on the Authority's board shall have staggered 3-year terms, and a two-term limit, with a chairman to be designated by the County. The Airport has been in existence since 1986, but it is not yet self-sustaining. The City has a pro-rata, shared, ongoing financial responsibility in proportion to the rate at which received sales taxes are allocated for the Airport, because it and the County are legally obligated, under the intergovernmental agreement that created the Airport, to honor any deficiencies in the event that proceeds from other default remedies are insufficient. The City contributed \$15,600 to the Airport during the fiscal year ended June 30, 2024. The participating governments do not have any equity interest in the joint venture, so no equity interest has been reflected in the financial statements at June 30, 2024. Complete financial statements for the Airport can be obtained from Lincoln County Administrative Offices at 115 West Main Street, Lincolnton, N. C. 28092.

The City and the members of the City's fire department each appoint two members to the five-member local board of trustees for the Firemen's Relief Fund. The State Insurance Commissioner appoints one additional member to the local board of trustees. The Firemen's Relief Fund is funded by a portion of the fire and lightning insurance premiums that insurers remit to the State. The State passes these moneys to the local board of the Firemen's Relief Fund. The funds are used to assist fire fighters in various ways. The City obtains an ongoing financial benefit from the Fund for the on-behalf of payments for salaries and fringe benefits made to members of the City's fire department by the board of trustees. During the fiscal year ended June 30, 2024, the City reported revenues and expenditures for the payments of \$-0- made through the Firemen's Relief Fund. The participating governments do not have any equity interest in the joint venture, so no equity has been reflected in the financial statements at June 30, 2024. The Firemen's Relief Fund does not issue separate audited financial statements. Instead, the local board of trustees files an annual financial report with the State Firemen's Association. This report can be obtained from the Association at 323 West Jones Street, Suite 401, Raleigh, North Carolina, 27603.

## **V. Related Organization**

The five-member board of the City of Lincolnton Housing Authority is appointed by the City Council of the City of Lincolnton. The City is accountable for the Housing Authority because it appoints the governing board; however, the City is not financially accountable for the Housing Authority. The City of Lincolnton is also disclosed as a related organization in the notes to the financial statements for the City of Lincolnton Housing Authority. Complete financial statements for the Housing Authority can be obtained from the Authority's office at 806 McBee Street, Lincolnton, N.C. 28092.

## **VI. Summary Disclosure of Significant Contingencies**

### **Federal and State Assisted Programs**

The City has received proceeds from several Federal and State grants. Periodic audits of these grants are required, and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant monies.

## **VII. Significant Effects of Subsequent Events**

Management has evaluated subsequent events through January 22, 2025, the date on which the financial statements were available to be issued. During the period from the end of the year, and through this date, the following subsequent events occurred that require recognition or disclosure in these financial statements:

The City of Lincolnton entered into a contract with McGill Associates back in August of 2022 to provide professional services for the redevelopment of City Park. This was presented to City Council and approved. The proposed plan was presented to City Council at the 2023 Budget Retreat and the City Council approved the plan presented and the additional services of McGill Associates to prepare the PARTF Grant Application for the park. Application was due by May 1, 2023. Application was submitted and the City of Lincolnton was awarded the maximum amount available through the NC Parks and Recreation Trust Fund of \$500,000 in August 2023. This project will be over several years with an anticipated cost of \$5,042,274. In addition to the PARTF Grant, the City plans to utilize ARPA money reimbursed, apply for other grants, and fund balance if needed. The City is currently in the Design Phase of this project that has an estimated cost of \$260,000.

The City of Lincolnton entered into a contract with Burch Environmental LLC to assist with the NCDEQ-Water Infrastructure funding through SWIA. The City applied for two AIA projects; Water and Wastewater Projects. This funding is to assist with the "Asset Inventory and Assessment" of the City's infrastructure. The City was awarded \$300,000 for Wastewater and \$100,000 for Water. Burch Environmental LLC will be handling the projects per the Resolutions approved by City Council on August 3, 2023. The City is nearing the completion of this contract with the remaining services to be completed by McGill Associates for the Water Mains and WWTP assessments. Once that is completed, the City intends to contract with Burch Environmental LLC again to pursue larger grant funding for the Water and Wastewater infrastructure needs.

The City of Lincolnton is working with Burch Environmental, LLC to assist with securing a State Emergency Loan for the Wastewater Treatment Clarifiers. This project is estimated to cost \$1,544,542 and will be over a minimum of 18 months to complete. The SEL is for a period of 20 years with a 1.93% interest rate. The contractor chosen by the City is Charles R. Underwood, Inc. who is scheduled to disassemble, clean, rebuild, and replace Clarifier's 1 and 2 and the RAS Pump. This was finally approved to start December 2, 2024.

The City of Lincolnton entered into a contract with Becker Morgan Group Inc to assist with the architectural needs for the Public Service Center property purchased at 500 Sigmon Road. This project is estimated to cost between \$6,000,000 and \$8,000,000. This will take several years to complete. The goal is to move the entire Public Works to the new centralized location.

The City of Lincolnton was impacted by Hurricane Helene in late September 2024, which caused devastation to our community as well to public property and equipment. The City hasn't fully assessed the damages but will seek FEMA reimbursement to offset the damages incurred.

## **BUSINESS - TYPE ACTIVITIES**

---

### **ENTERPRISE FUNDS**

**Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the government's governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the government's governing body has decided that periodic determination of net income is appropriate for accountability purposes.**

***Water and Sewer Fund* - This fund is used to account for the activities associated with the production, distribution and transmission of potable water by the City to its users and for the operation and maintenance of the City's sewer and surface drainage systems.**

***Electric Fund* - This fund is used to account for the activities associated with the distribution and transmission of electricity by the City to its users.**

***Electric Rate Stabilization Fund* - This fund is used to account for funds being accumulated to stabilize Electric Rates.**

## **STATISTICAL SECTION**

**(Unaudited)**

---

**This part of the City of Lincolnton's Annual Comprehensive Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.**

**Contents:**

**Financial Trends**

**These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.**

**Revenue Capacity**

**These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.**

**Debt Capacity**

**These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future.**

**Demographic and Economic Information**

**These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.**

**Operating Information**

**These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.**

**Sources: Unless otherwise noted, the information in these schedules is derived from the Annual Comprehensive Financial Reports for the relevant year.**

Notes:

- (1) Assessed value is established by Lincoln County Assessor's office.
- (2) North Carolina General Statutes require that a reappraisal of real property be conducted every eight years. A revaluation of real property became effective for the fiscal year.
- (3) Includes vehicles. During 2014, the State of North Carolina began collecting vehicle taxes.
- (4) The estimated market value is calculated by dividing the assessed value by an assessment-to-sales ratio determined by the State Department of Revenue. The ratio is based on the actual property sales which took place for Lincoln County during the fiscal year.

**Other Tax Data:**

Tax rates are established on a per \$100 valuation basis and are levied on July 1, the first day of the fiscal year.

There is a State statutory tax rate limit of \$1.50 per hundred dollars valuation for operating expenses, but no limitation on the rate of tax, which may be levied for debt service.

The City has no financial responsibility for the public school system. It is funded through the County, State and Federal Government.

Lincoln County is an overlapping district of the East Lincoln Water and Sewer District.

Fire districts are overlapping of the County and the East Lincoln Water and Sewer District, but not of the City of Lincolnton.

**Independent Auditors' Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of Financial Statements Performed In Accordance With Government Auditing Standards**

**Independent Auditors' Report On Compliance For Each Major State Program And On Internal Control Over Compliance Required By The Uniform Guidance And The State Single Audit Implementation Act**

---

**Independent Auditors' Report On Internal Control Over Financial Reporting And  
On Compliance And Other Matters Based On An Audit Of Financial Statements  
Performed In Accordance With Government Auditing Standards**

To the Honorable Mayor and  
Members of the City Council  
City of Lincolnton, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Lincolnton, North Carolina, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the City of Lincolnton, North Carolina's basic financial statements, and have issued our report thereon dated January 22, 2025. The financial statements of the Lincolnton Tourism Development Authority and the City of Lincolnton ABC Board were not audited in accordance with *Government Auditing Standards* and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the Lincolnton Tourism Development Authority and the City of Lincolnton ABC Board.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Lincolnton, North Carolina's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Lincolnton, North Carolina's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Lincolnton, North Carolina's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements, on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

#### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Lincolnton, North Carolina's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

*Lowdermilk Church & Co., L.L.P.*

Morganton, North Carolina  
January 22, 2025

**Independent Auditors' Report on Compliance for Each Major State Program; Report on Internal Control Over Compliance; With OMB Uniform Guidance and the State Single Audit Implementation Act**

To the Honorable Mayor and  
Members of the City Council  
City of Lincolnton, North Carolina

**Report on Compliance for Each Major State Program**

***Opinion on Each Major State Program***

We have audited the City of Lincolnton, North Carolina, compliance with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the City of Lincolnton's major State programs for the year ended June 30, 2024. The City of Lincolnton's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and responses.

In our opinion, the City of Lincolnton complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major State programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major State Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and the State Single Audit Implementation Act. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the City of Lincolnton and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our opinion on compliance for each major State program. Our audit does not provide a legal determination of the City of Lincolnton's compliance with the compliance requirements referred to above.

### ***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the City of Lincolnton State programs.

### ***Auditor's Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on City of Lincolnton's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about City of Lincolnton's compliance with the requirements of each major State program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding City of Lincolnton's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of City of Lincolnton's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of City of Lincolnton's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

A deficiency *in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a State program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in Auditor's Responsibilities for the Audit of Compliance section and above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies or material weaknesses in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

CITY OF LINCOLNTON, NORTH CAROLINA

Schedule of Expenditures of Federal and State Awards (Continued)  
For the Year Ended June 30, 2024

---

Notes to the Schedule of Expenditures of Federal and State Awards:

**Note 1: Basis of Presentation**

The accompanying Schedule of Expenditures of Federal and State Awards (SEFSA) includes the Federal and State grant activity of the City of Lincolnton, North Carolina under the programs of the Federal government and the State of North Carolina for the year ended June 30, 2024. The information in this SEFSA is presented in accordance with the requirements of Title 2 *U. S. Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and the State Single Audit Implementation Act. Because the Schedule presents only a selected portion of the operations of the City of Lincolnton, North Carolina, it is not intended to, and does not, present the financial position, changes in net position or cash flows of City of Lincolnton, North Carolina.

**Note 2: Summary of Significant Accounting Policies**

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable, or are limited, as to reimbursement.

**Note 3: Indirect Cost Rate**

City of Lincolnton, North Carolina has elected not to use the 10-percent de minimus indirect cost rate as allowed under the Uniform Guidance.
